

INTEGRA BASS SERIES

NECK THROUGH BODY

As featured previously only in the SB 1000 Super Bass, Aria Pro II now offers their unique through neck body neck joint in the IGB-65. Aria Pro II Through Neck is 5 piece lamination of maple/walnut fused through the body to provide effortless access to the highest fret.

Neck Through Body (IGB-65)

PICKUPS

The IGB Integra Bases are equipped with Aria's CP-1 and CJ-1 ceramic magnetic pickups. These pickups provide outstanding frequency response and a wide variety of tonal variations from which the player may choose his own unique sound.

CJ-1/CJ-1 P.U. (IGB-65)

Marcus Miller

THE WARRIOR SERIES

NECK THROUGH BODY

The Aria Technique is producing the five piece walnut and maple neck through the body system, gives the guitar better stability and easier access to the higher fret positions. The heel-less cutaway along with the ebony fingerboard combines to create a neck with excellent feel and playability.

Neck Through Body (WR-1003)

PICKUPS

The WR-1003, 803, and 653A come with two single coil and one humbucking active pickups. These active pickups provide a wide range of sounds from a very clean tone to a hard rock crunch. The WR-603 is fitted with two OS-2 single coil pickups and one OH-2 humbucking pickup. The OS-2 is an open type unit and OH-2 humbucker, the player can choose from a wide variety of tonal variations from clean to crunch distortion.

AS-1/AH-2 P.U. (WR-1003)

ART-1 TREMOLO

This fine tuning tremolo system was designed and licensed by Floyd Rose, the master of tremolo systems. The main block is made of heavy brass which produces superior sustain and tone. The special double locking feature provides precise tuning adjustments and absolute tuning stability even in severe use. The high quality and easy adjustment of the ART-1 tremolo assures smooth action and reliable performance for years to come.

ART-1 Tremolo (WR-1003)

Alan Murphy (GO WEST)
