

GROVER JACKSON

I have a pleasure to send the message to my friends that "CHARVEL/JACKSON" guitars have been distributed World-wide, which have been in hands of very limited professional players mostly in U.S.A. I am sure that CHARVEL/JACKSON guitars will offer perfect satisfaction to my friends in sound quality, design, specifications, and easy performance, because my guitars are designed adapting advices of my various friends, players, and craftsmen. I am happy that my friends will appreciate our policy and have the chance to have REAL CHARVEL/JACKSON products.
